DAY 1: Wednesday Jan 19, 2011

09:30 Registration and coffee

10:00 Welcome: Jonas F Ludvigsson and Bana Jabri (organizers)

10:10 *Clinical celiac disease*: Chairman: David Sanders (Summary statement: Jonas F Ludvigsson)

10:15	Green, Peter	US	An update on clinical symptoms in celiac disease
10:35	Sanders, David	Britain	Are antibodies sufficient to diagnose celiac disease?
10:55	Murray, Joe	US	Irritable bowel syndrome and CD
11:15	Troncone, Riccardo	Italy	Gluten sensitivity
11:35	<i>Summary</i>		

11:40 Lunch

13:00 Poster session

14:00 *Genetics*: Chairman: Lenanrt Hammarström (Summary statement: Tom MacDonald)

14:05	Anderson, Bob	Australia	Vaccines against celiac disease
14:25	Wijmenga, Cisca	Netherlands	Shared genetics in autoimmune disease
14:45	Macdonald. Tom	Britain	What can we learn from <u>IBD</u> ?
15:05	<i>Summary</i>		

15:10 Coffee

15:40 Screening for celiac disease: Chairman: Riccardo Troncone (Summary: Peter Green)

15:45	Murray, Joe	US	Yes, we should screen for celiac disease
16:05	Sanders, David	Britain	No we should not screen for celiac disease
16:25	Kaukinen, Katri	Finland	Is celiac disease really increasing?
16:45	<i>Summary</i>		

19:00 Nobel museum: Guided tour and buffet

DAY 2: Thursday Jan 20, 2011

08:30 *Pathogenesis* Chairman: Bana Jabri (Summary statement: Ludvig Sollid)
 08:35 Schuppan, Detlef
 08:55 Ivarsson, Anneli
 09:15 Jabri, Bana
 09:35 Klareskog, Lars
 09:55 *Summary*

US	innate effects of gluten peptides
Sweden	Breastfeeding , infection and risk of celiac disease; conflicting
US	IL-15 in CD
Sweden	What can we learn from <u>rheumatoid arthritis</u> ?

10:15 Coffee

Comorbidity and complications in celiac disease Chairman: Markku Mäki (Summary statement: Lars Klareskog)
 10:40 statement: Lars Klareskog)
 10:45 Ludvigsson, Jonas F
 11:05 Ekström-Smedby, Karin
 11:25 Koning, Frits
 11:45 Ludvigsson, Johnny
 12:05 *Summary*

Sweden	Mortality in celiac disease
Sweden	Inflammation and risk of lymphoma, why?
Netherlands	Genetic advances in refractory CD
Sweden	What can we learn from <u>diabetes</u> ?

12:10 Lunch

Antibody response in celiac disease Chairman: Ludvig Sollid (Summary statement: Johnny Ludvigsson)
 14:00 Ludvigsson)

14:05	Mäki, Markku	Finland	Do antibodies play a role in the pathogenesis of celiac disease?
14:25	Sollid, Ludvig	Norway	Characterization of TTG antibodies in celiac disease
14:45	Hammarström, Lennart	Sweden	IgA deficiency and celiac disease
15:05	<i>Summary</i>		
15:10	Coffee		
	<i>Future directions in celiac disease research</i> Chairman: Jonas Ludvigsson (Summary statement: Bana Jabri)		
15:40			
15:45	Khosla, Chaitan	US	New treatment opportunities in celiac disease
16:05	Tom McDonald, Lars Klareskog and Johnny Ludvigsson		
16:20	<i>Summary</i>		
16:30	Ludvigsson, Jonas F and representative from JIM	Sweden	End of meeting and thanks to <i>JIM</i>
