

To minimise publication time of your manuscript it is important that all electronic artwork is supplied to the editorial office in the correct format and resolution. I recommend that you consult the **Illustration guidelines** at <http://www.blackwellpublishing.com/bauthor/digill.asp> if you need advice on any aspect of preparing your artwork.

Production status tracking - You can now track your article via the publisher's Author Services. Once your paper is with the Production Editor, you will receive an e-mail with a unique code that automatically adds your article to the system when you register. With Author Services you can check the status of your article online and choose to receive automated e-mails at key stages of production. Therefore, please ensure that we have your complete e-mail address. There may be a short delay whilst the article is sent to the Production Editor and logged into the production tracking system. Additional services will be added to the website soon.

Proofing your manuscript – *Journal of Internal Medicine* is included in a new electronic service, "e-proofing". You will receive an e-mail from the typesetter when your article is ready for proofing. You'll receive instructions about how to download your paper and how to return your corrections. Your e-mail address is needed for this vital step, too.

OnlineEarly – *Journal of Internal Medicine* operates a system called OnlineEarly, whereby articles are published online ahead of assignment to an issue and publication in print. You can track the progress of your article and learn when it is published online by registering for Author Services. Please note that in order to publish your article as quickly as possible, and if your article is received very close to the copy deadline for an issue, it may be incorporated directly into that issue without first appearing OnlineEarly. The Blackwell Synergy Website for the journal is <http://www.blackwell-synergy.com/loi/jim>. If you register in Author Services you will receive free access to your article.

Reprints and Offprints - You will receive instructions for ordering offprints when you are notified that your proofs are ready for review.

Production queries – Please note that now your paper has been accepted, all queries related to the production of your paper may be directed to the Production Office email: jim@oxon.blackwellpublishing.com, tel.: 01738 450484.
